AROITNPY - 2024

Greetings

Hosted this year by the Ida B. Scudder Cancer Centre, Department of Radiation Oncology at Christian Medical College, Vellore, we extend our warmest greetings to all participants, speakers, and guests, embracing the diverse community of Radiation Oncologists across Tamil Nadu and Pondicherry.

Under the theme “Transforming Radiation Oncology: Embracing Compassion, Technology, and Quality Care,” our conference promises to be an enriching and enlightening experience for all who attend.

We invite you to mark your calendars and save the date for September 20 – 21, 2024, as we gather at the Christian Medical College in Vellore for AROICON TNPY 2024. This year’s program is thoughtfully designed to focus on cutting-edge developments in Radiation Oncology, practical insights on the integration of compassionate care along with our technological advancements, and other key topics in shaping the future of our discipline.

Join us as we come together to explore new ideas, foster meaningful collaborations, and ultimately, make a positive impact on patient outcomes. Our goal is to create an inclusive environment where all voices are heard, and where knowledge is shared and celebrated.

As we prepare for this meeting, we kindly urge you to remain connected via our website for continuous updates regarding registration, scientific program accommodation, and additional pertinent information.

We look forward to seeing you in Vellore.

Warm regards

About us

The Department of Radiation Oncology was started more than 85 years ago in the year 1939 by Dr Ida Bella Scudder, niece of the founder of CMC, Vellore, Dr Ida Sophia Scudder.

The Dr Ida B Scudder Cancer Centre, Department of Radiation Oncology at the Christian Medical College plays a vital role in managing, treating and curing cancers and deals with patients who require Radiation Therapy for their treatment. Our department adheres to the international standards of quality with high precision equipment backed by an experienced team of specialized healthcare professionals.

Our department functions at two sites the well established Vellore campus and the new Ranipet campus. our latest technologies include Tomotherapy, Frameless Stereotaxy, Surface guided Radiotherapy etc.

This conference will serve an opportunity to visit both our campuses for Radiation Oncologists at all levels in their career.

We welcome you all.
